

# QUICK REFERENCE

When you're at the **OFFICE**, don't let your phone keep you tied to your desk. Lose the cord and roam freely. Get up, collaborate and take calls on the go with our professional wireless office headsets. And enjoy the improved productivity and ergonomic benefits of working wirelessly.

SEE OUR COMPLETE LINE OF OFFICE HEADSETS AT [www.plantronics.com/officesolutions](http://www.plantronics.com/officesolutions)

## THE ULTIMATE IN WIRELESS SOUND QUALITY

Speak freely using the most advanced wireless technology available – DECT™ 6.0 voice-dedicated technology. DECT 6.0 lets you talk farther away from your phone and enables greater call clarity by minimizing interference from other wireless devices.

**COMPLETE WIRELESS FREEDOM WITH THE HL10**  
Press a button on your headset and the HL10 Handset Lifter lifts the handset of your phone so you can answer or end calls while away from your desk.

### CS70 WIRELESS OFFICE HEADSET SYSTEM

Talk in style and move wherever business takes you with this compact, lightweight headset that delivers all-day comfort and a discreet, sophisticated look. Perfect for busy executives, it keeps your hands free and lets you multi-task throughout the office.

### CS50/CS55 WIRELESS OFFICE HEADSET SYSTEMS

Collaborate freely with co-workers or walk to the printer while still engaging in crystal-clear calls. The CS50 and CS55 deliver exceptional sound quality for office workers and first-time wireless headset users.

### CS50-USB WIRELESS VoIP HEADSET SYSTEM

Extend wireless freedom to your softphone with the CS50-USB. It's the first wireless VoIP headset that lets you answer and end calls while away from your phone.

### VOYAGER™ 510S BLUETOOTH® OFFICE HEADSET SYSTEM

Switch seamlessly between two Bluetooth enabled devices with one breakthrough headset. It's ideal for mobile professionals who work in and out of the office.

### VOYAGER 510-USB BLUETOOTH OFFICE HEADSET SYSTEM

Experience true plug-and-play VoIP capabilities and the freedom of Bluetooth connectivity with the Voyager 510-USB. This versatile headset lets you switch seamlessly between softphones and mobile phones.

### SUPRAPLUS® WIRELESS PROFESSIONAL HEADSET SYSTEM

Move freely around the office and collaborate with colleagues while enjoying unmatched reliability and all-day wearing comfort. SupraPlus Wireless is perfect for the most intensive phone users.

### DUOPRO™ CONVERTIBLE HEADSET

Take your pick between over-the-head stability or behind-the-ear comfort with this convertible, corded headset. It's a convenient solution for busy office professionals who use their desk phone frequently.
